

RECITAL PICTURE DAY
Sunday, May 15, 2011
@ Christie's Dance Studio

Each class is assigned a group photo time that should be followed immediately by individual photos for the class.

If you cannot make your scheduled group photo time, you may come at any point during the day to squeeze in an individual photo, but your student will not be included in the class group photo. We would ask that you make every effort to come to your assigned group time so that those ordering group photos will have complete pictures.
